IN THE MATTER OF THE
LICENSE OF:

FRANCIS STANTON
LICENSE NO: MA 43352

Administrative Action
CONSENT ORDER OF
VOLUNTARY SURRENDER
OF **LICENSURE**

TO PRACTICE MEDICINE & SURGERY:
IN THE **STATE OF NEW JERSEY**

This matter was opened to the New Jersey State Board of **Medical** Examiners upon receipt of information that on or **about** **November** 1, 2001, a Surrender Order was entered by the State of **New** **York** Department of Health **State** Board for Professional **Misconduct**. Dr. Stanton ("Respondent") was charge³ with two specifications of professional **misconduct**, and **agreed** not to contest Factual Allegations A and B(3).

CERTIFIED TRUE COPY

Specifically, respondent was charged with, and did not contest, that on or about December 19, 2000, the Division of Medical Quality, Board of California suspended respondent's license to practice. The suspension was due to respondent's medical disability, and is to last until such time as the California Board has received competent medical evidence from a physician approved by the California Board of the absence or control of respondent's physical ability, and until the California Board is satisfied that respondent's right to practice medicine may be safely reinstated. As a result of the foregoing, respondent surrendered his license to practice in the State of New York.

After having reviewed the matter, it appears to the Board that the New York and California disciplinary proceedings establish a basis for disciplinary action pursuant to N.J.S.A. 45:1-21(g). It appears that respondent desires to resolve this matter without formal proceedings and for good cause shown:

IT IS ON THIS 31st day of March 2003,
ORDERED AND AGREED that respondent shall immediately surrender his license to practice medicine and surgery in the State of New Jersey with prejudice to re-application at any future time.
